

# Pankaj Kumar

**Lead Engineer**

New Delhi, India

**Contacts:** +918800266038, pkd.234@gmail.com

---

## **ABOUT**

- **Lead Engineer** with **6+ years** of experience in **mobile application development**.
  - Have expertise in designing & developing scalable mobile apps using **Flutter** and **Native Android (Java & Kotlin)**.
  - Also worked on backend frameworks like **Flask**, **Express** with **Postgresql**, **Mongo** etc.
- 

## **PROFESSIONAL EXPERIENCE**

### **Infoedge (Naukri.com) (Lead engineer)**

Oct 2023-Present

- Managed multiple employment listing apps, optimizing performance using **Injectable**, **GoRouter**, and **Drift** while ensuring seamless user experiences.
- Redesigned app architecture with proper state management (**Flutter\_Bloc**, **MobX**) and clean architecture principles, integrating **Shorebird** for over-the-air (OTA) updates to enable faster deployments.
- Integrated a behavior analytics SDK using **Java**, **Kotlin**, **Objective-C**, and **Swift**, enabling data-driven insights and performance monitoring.

### **Adda52 (Sr. Software engineer)**

Oct 2022-Oct-2023

- Build a **multi-gaming platform** from scratch that include games like Ludo, Fantasy, Rummy etc.
- Integrated **native modules/games of Unity & react native** with Flutter apps.
- Re-write the current app with proper architecture, state management, etc.

### **Mind Sports League (Software engineer)**

Nov 2020-Sept 2022

- Feature research, estimations, team supervision, and **code reviews**.
- Integrated **CI/CD pipelines**, and native dependencies.
- Addin features, redesigning old architecture, and **coding paradigms**.

### **Appyfactor (Software Engineer)**

Aug 2018- June 2020

- Efficiently manage multiple projects simultaneously.
  - Developed and deployed projects as per the requirements.
  - Client interactions, feature planning, and estimations.
  - Coding from scratch, team supervision, app delivery to clients.
- 

## **EDUCATION & CERTIFICATIONS**

### **Bachelor of Technology (B.tech)**

2013-2017

Netaji Subhas University of Technology West Campus (Formerly Ch. Brahm Prakash Government Engineering College),  
Complted B.tech in Information Technology  
New Delhi, India
